

**REMARKS UNDER 37 CFR § 1.111**

No new matter is added. The new drawing finds support in Figs. 5a-6d and the associated text. The amended text is supported by paragraph 0044, as well as originally filed claim 16.

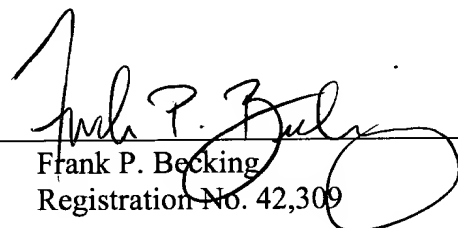

The amendments to the Specification and new figure provided are believed to address the considerations expressed by the Examiner in more clearly illustrating the embodiment of the invention covered by claim 16 as discussed during telephonic interviews conducted on August 26 and 27, 2003. It is believed that this Supplemental Amendment will place the application in condition for allowance. Upon receiving such notice and an indication that the new drawing is acceptable formal drawings will be submitted.

The Examiner's effort and attention in this matter are gratefully acknowledged.

The Commissioner is hereby authorized to charge any underpayment of fees associated with this communication, including any necessary fees for extensions of time, or credit any overpayment to Deposit Account No. 50-0815, order number DTKA-002.

Respectfully submitted,
